NOTICE OF INTENT TO ADOPT
A MITIGATED NEGATIVE DECLARATION

NOTICE is hereby given that the County of El Dorado, State of California intends to adopt a Mitigated Negative Declaration for the project described below.

TITLE: SMUD Trail Project. (#97005)

LOCATION: The project is located along a power line corridor maintained by the Sacramento Municipal Utility District (SMUD) and Pacific Gas and Electric Company (PG&E), between Tam O'Shanter Drive and Silva Valley Parkway, east of Stephen Harris Park, El Dorado Hills, El Dorado County, California
APN: 125-100-01, 06

GENERAL DESCRIPTION: The El Dorado County Department of Transportation (DOT) is proposing to install a multi-use trail within a power line corridor maintained by SMUD and PG&E between Silva Valley Parkway on the east and Tam O'Shanter Drive on the west. The project area or area of potential effects is approximately 11 acres and encompasses the 300-foot wide power line corridor that forms the eastern boundary of Stephen Harris Park and is situated between two residential developments on the north and south with Silva Valley Parkway as the western limits. The trail would be a paved, 8-foot-wide trail with 4-foot-wide gravel shoulder; it would be approximately 1,800 feet long. The alignment would generally parallel an existing dirt path between the power lines, and a prefabricated bridge would be installed across New York Creek.
