

## CQI Learning Points

Meeting Date: November 9, 2016

### **MPI vs. MCI**

MPI sounds a lot like MCI when you are talking on the radio. Please try to clarify and speak clearly to minimize any confusion.

### **STEMI**

Please make sure all monitors have the STEMI fax numbers in them.

- Sutter Roseville- (916)781-1802
- Kaiser Roseville- (916)784-5293/ (916)784-5557
- UCD- (916)703-6549
- Mercy San Juan- (916)863-6802
- Mercy General- (916)453-4649
- Sutter Medical-(916)887-1126
- Carson Tahoe-(775)-888-3229 (incase life net is not working)
- Renown- (775)982-5555

### **IV's on Trauma Pt's**

If you cannot get an 18g or larger in trauma patients please do not use the AC. Try to save that area for other personnel to establish a larger catheter.

### **Sutter General**

Has a helipad but does not receive emergency traffic.

### **AMA PATIENTS**

If you have established any kind of patient care for a patient an AMA needs to be done if that patient does not get transported.
