Enjoy a wonderful day on this cruise aboard the USS Potomac, Franklin Delano Roosevelt's presidential yacht that has been restored to it's full former glory. Begin with a short informative video that details the history of the ship and how FDR lived from 1936 until his death in 1945. After his death, the Potomac began a long and ignominious decline from her former role in world affairs. After many adventures and many owners - including Elvis Presley, she was seized in 1980 as a front for drug smugglers. While impounded at Treasure Island, she sank. The ship was raised and unceremoniously dumped on the East Bay Estuary where she sat abandoned and rotting. A week away from being sold as scrap, the ship was rescued by the Port of Oakland and completely restored. Knowledgeable historians will give you a unique experience while cruising on this 165 foot long vessel that is a memorial to the president who authorized the New Deal and led the United States during the Great Depression and the World War II years. Depart from Raley's in Placerville at 7:00 am and Raley's in El Dorado Hills at 7:30 am. Return at approximately 5:00 pm.
