NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

NOTICE is hereby given that the County of El Dorado, State of California intends to adopt a Mitigated Negative Declaration for the project described below.

TITLE: Greenstone Road at Slate Creek Bridge (No. 25C0087) Replacement Project (County CIP #77137)

LOCATION: The Project is located approximately 1 mile south of U.S. Highway 50 and 6 miles southwest of Placerville in unincorporated El Dorado County.

APN: County road right-of-way and APNs 319-170-08, 319-250-04, and 319-170-07.

GENERAL DESCRIPTION: El Dorado County Community Development Agency, Transportation Division, in conjunction with Caltrans and FHWA, is proposing to: (1) replace the existing, functionally obsolete, 32 feet long, 19 feet wide, reinforced concrete slab bridge structure, with a new bridge approximately 34 feet long and 34 feet wide, that meets current standards, and (2) widen the road geometry approaching the bridge from both south-bound and north-bound directions. The existing bridge was determined to be functionally obsolete with a sufficiency rating of 54.2 out of 100. The new bridge would have two 11-foot lanes and two 4-foot shoulders and guardrails. Construction of the new bridge would be implemented in stages, and a temporary closure of Greenstone Road near the bridge would be required for one construction season (7 months). For a more detailed project description, see the document available as described below.
