NOTICE OF INTENT TO ADOPT A MITIGATED NEGATIVE DECLARATION

NOTICE is hereby given that the County of El Dorado, State of California intends to adopt a Mitigated Negative Declaration for the project described below.

TITLE: Buck's Bar Road at North Fork Cosumnes River - Bridge Replacement (Bridge No. 25C0003)(CIP #77116)

APN: Not applicable

GENERAL DESCRIPTION: El Dorado County Community Development Agency, Transportation Division (Transportation) proposes to replace the existing Bucks Bar Road Bridge over the North Fork Cosumnes River. Transportation will use Highway Bridge Program funds to replace the existing structure to improve roadway safety and comply with AASHTO design guidelines. The existing one lane reinforced concrete deck slab bridge was built in 1941. The current width only accommodates a single lane which forces southbound vehicles to yield to northbound travelers until the bridge is clear. The 2012 The 2012 Average Daily Traffic (ADT) at the bridge is approximately 4,500 vehicles per day.

Caltrans classifies the bridge as functionally obsolete with a sufficiency rating of 71.4. The bridge width, railings, transitions, approach rails, and approach guardrails do not meet current standards. The road will remain open during construction except for minor delays. A more detailed description can be found within Chapter 3 of the environmental document at the website below.
