

#### Intended Audience:

Ranchers, forest landowners, rural residents, non-profit organizations and agencies responsible for managing forest fuels and fire hazards on their properties and/or seeking to understand the objectives and effectiveness of fuel reduction treatments.

#### Sponsored By:

Northern California Society of American Foresters, Georgetown Divide and El Dorado County Resource Conservation Districts, UC Cooperative Extension, El Dorado Irrigation District, CAL FIRE.

*Support for this program has been provided in part by a grant from USDA-Forest Service, State and Private Forestry.*

## Workshop On Addressing Forest Risks in the Highway 50 Corridor, El Dorado County

**June 21, 2018  
8 a.m. – 5 p.m.  
100 Forni Road  
Placerville, CA**

#### Workshop Objectives:

- Familiarize residents and landowners with ongoing efforts to reduce fire hazard in their neighborhoods.
- Inform people about the short-term and long-term benefits of vegetation management treatments.
- Describe steps that are taken to evaluate and minimize environmental impacts of treatments

#### Agenda:

- Status of the Sierra Nevada
- Forest Resiliency
- Coordinating Collaborative/ Community Based efforts
- Project highlight: Sly Park Vegetation Management Strategy.

Presenters will include scientists and forest managers from the public and private sectors. A detailed agenda will be provided to registrants.

#### Field Trip:

We will visit a variety of sites within the Sly Park Recreation Area where fuel reduction projects have been implemented. Plan on bringing your lunch and be prepared for light hiking.

To register for the workshop, go to <https://eldoradoforestfuel.eventbrite.com>. There is nominal registration fee. Following registration, you will be provided with additional information including the final agenda. Questions? Contact Dr. Richard Harris at (707) 685-5508 or [rrharrisconsulting@gmail.com](mailto:rrharrisconsulting@gmail.com). Register early! Enrollment limited to 40 people.
