This dual pack auto injector is priced at \$109.00, versus the previously purchased Epi Pen at around \$700.00. Please contact CVS to replace used/expired Epi pens as this is a huge cost savings difference for the JPA.

- Annual Update: Topics for this year's annual update will be announced at next month's MAC meeting.

- Contract Compliance: For the month of February, Cal-Tahoe was 98.5% within compliance and the West Slope was at 94% for response times.

VI. AMBULANCE BILLING: (Eileen Flatgard)

- Busy: Ambulance Billing has been very busy with the increase in call volume.

VII. JPA REPORTS:

A. WEST SLOPE JPA: (Marty Hackett)

- Zoll Monitors: Diamond Springs Fire has completed the field trial of all three monitors (Phillips, Physio, and Zoll) and has selected the Zoll monitors for the medic units. A total of 9 monitors have been ordered and training will take place in April. One of the benefits of securing these monitors is that Zoll will send a technician to the stations to do any necessary repairs/upgrades. Thank you again to Diamond Springs Fire for conducting this very valuable field trial.

B. CAL TAHOE JPA: (Ryan Wagoner)

- Nothing to report.

ALOC will be revisited and brought back next month. MAC has now approved the recommendations by PAC and all updated policies will go into effect July 1, 2017. Please become familiar with all of the policy & protocol changes.
