Drug Medi-Cal Organized Delivery System
Provider Network Members

Re: FY 2022-23 Training Plan

As discussed in the EDC Provider Meetings, the State of California is implementing a change in the delivery system of health care services called CalAIM. CalAIM is a DHCS initiative to reform the Medi-Cal program and, in turn, improve the quality of life and health outcomes of Medi-Cal members. For more information, please go to the CalAIM website:

<https://www.dhcs.ca.gov/CalAIM/Pages/calaim.aspx>

Included in CalAIM are changes to the DMC-ODS requirements, documentation standards, coordination of care and policies. These changes will require Network Provider Training to new and/or revised standards in the DMC-ODS.

Due to CalAIM training requirements the FY 2022-23 Training Plan may be changed to accommodate these requirements. Scheduling of required trainings will be developed, and the network will be notified as soon as possible.

As you review this training plan, please note that Providers are still required to adhere to the training plan specifically pages 4-9 of the document.

Please contact our Quality Assurance Supervisor, Shaun O'Malley or Training Coordinator, Dennis Wade <mailto:sudsqualityassurance@edcgov.us> if you have any questions.

Thank you,

Salina Drennan
Alcohol and Drug Program Division Manager
