Licensed Solar Contractors Email Permit Program

Thank you for using El Dorado County's **Roof Mounted** Solar Email Permitting Program. The program was established for the benefit of our solar permit specialists.

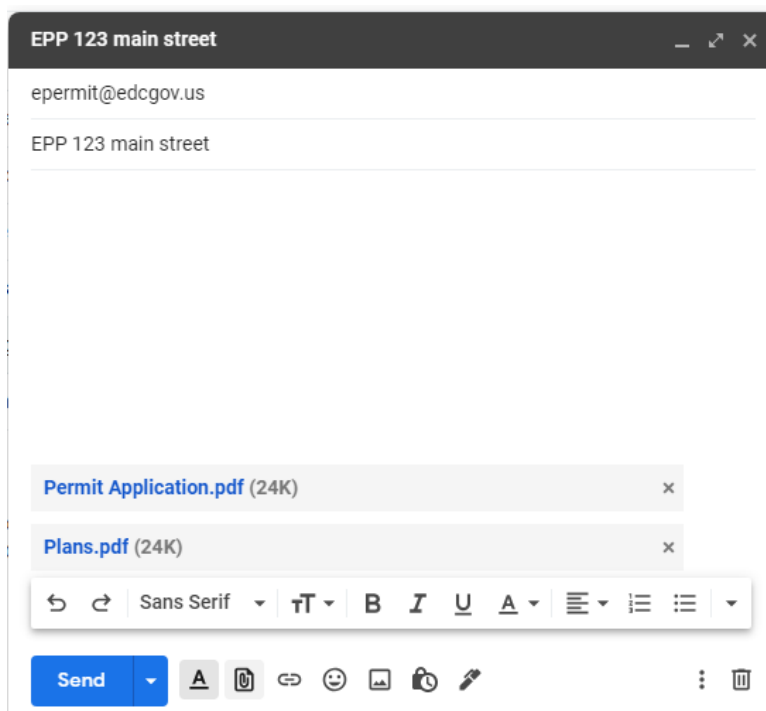

The Roof Mount E-Permit Program is limited to the following types of permit:

- Residential Roof Mounted Systems. Ground mounted and commercial systems must be submitted using our traditional submittal process (submitting through our office)

***Requirements to participate in this program:**

- Appropriate California licensed contractor
- Current El Dorado County Business license
- Registered eTrakit user <https://edcgov.trakit.net/etrakit/>
- Official El Dorado County Building permit application filled out in its entirety <https://www.edcgov.us/Government/building/Pages/forms.aspx>
- Ability to convert permit application to a pdf format and upload.
- Ability to convert plans and supporting documents to a pdf format and upload.

In the subject line of your email to the Building department (epermit@edcgov.us) you should place "EPP" then the address of your project. Your email should look like this, other formats will be rejected.

*By using this program you agree to abide to the guidelines as outlined throughout. Failure to abide by these guidelines will result in the loss or rejection of your application. We want to thank you again for using this system and hope you find the program beneficial. **Please note, a vender service charge will apply for online payment of fees.**
