

NOW HIRING ASSOCIATE CIVIL ENGINEERS

Annual Salary Range \$101,358 — \$123,198 + Benefits

We are currently offering two hiring incentives!

Our Ideal Candidate will be committed to using his or her full skill set and technical expertise performing engineering duties in design, construction, transportation planning, and land development. The candidate will understand when to implement creative solutions while adapting to changing standards and regulations. Our Ideal Candidate will be able to work independently, as well as in a team environment, and establish positive working relationships with County staff and others.

Minimum Qualifications: Equivalent to graduation from a four-year college or university with major coursework in civil engineering **AND** two years of professional engineering experience in design, construction, and/or right-of-way work at a level equivalent to the County's Assistant in Civil Engineering class. Must possess a valid California registration as a Professional Civil Engineer or obtain licensure in California by comity (reciprocity) within the one-year probationary period.

For additional information about the position and to apply for openings currently available in the Placerville Transportation offices, please visit <https://www.governmentjobs.com/careers/edcgov> or call the Department of Human Resources at (530) 621-5565.
