Silva Valley Parkway Bike Path Drainage Improvement Project Bike Path Closure – Harvard Way to Appian Way August 2020 through October 2020

August 25, 2020

(PLACERVILLE, CA) – El Dorado County’s Department of Transportation will be performing storm drainage improvement work on Silva Valley Parkway Class I Bike Path between Harvard Way and Appian Way beginning the week of September 13, 2020 until November 2020. The storm drainage improvement work will require full closure of the Class I Bike Path, and infrequent lane closure and one way traffic control of Silva Valley Parkway between Harvard Way and Appian Way.

This closure is necessary to ensure pedestrian, bikers, motorist and worker safety while the County’s Contractor improves storm drainage infrastructures on the Bike Path. The Bike Path closure sign will be posted at the two ends of the Bike Path, and flaggers will be directing traffic when necessary on Silva Valley Parkway during construction.

Pedestrian and bikers are advised to take alternate route during the entire construction period. Motorists are advised to slow down through the work zone and expect delays during one way traffic control. Motorists are also advised to allow extra time when traveling through the work zone in order to arrive at their destinations on time.

The County sincerely appreciates the cooperation and patience of pedestrian, bikers, and motorists that use this segment of Class I Bike Path and Silva Valley Parkway, and we apologize for any inconvenience as a result of this closure.

For questions regarding this road closure, please contact the Transportation main line at (530) 621-5900.
