### NOTICE OF AVAILABILITY FOR PUBLIC COMMENT FOR THE DIAMOND SPRINGS PARKWAY PROJECT DRAFT REMEDIAL ACTION PLAN EL DORADO COUNTY, CALIFORNIA

March 14, 2023

NOTICE IS HEREBY GIVEN that the El Dorado County Department of Transportation (County) has prepared a Draft Remedial Action Plan for the Diamond Springs Parkway Project (Project). The purpose of the Draft Remedial Action Plan is to remediate residual lime waste located within the County's right-of-way of the proposed Project. The Project includes construction of a new four-lane arterial roadway connecting Missouri Flat Road and State Route 49 in the community of Diamond Springs.

A portion of the proposed Project will be constructed on the site of the former Diamond Lime Plant, which was located immediately west of Throwita Way and south of Truck Street, and operated from approximately 1927 to 1977. The facility produced quick lime (calcium oxide) from limestone rock (calcium carbonate) that was heated in a kiln. Residual lime waste remains on the site to this day and has resulted in elevated pH surface water present at several locations during the rainy season. As a result, the site and its associated cleanup activities are regulated by the Central Valley Water Board.

To find comments from Central Valley Water Board staff regarding the Draft Remedial Action Plan, please use the following URL address:

[https://geotracker.waterboards.ca.gov/view\\_documents?global\\_id=T10000005927&enforcement\\_id=6483099](https://geotracker.waterboards.ca.gov/view_documents?global_id=T10000005927&enforcement_id=6483099) or visit GeoTracker (ca.gov) and type in "Lindeman Property" or the site ID: T10000005927 then look for "DRAFT FINAL DIAMOND SPRINGS PARKWAY RAP" under the Site Maps/Documents tab.

Public comments regarding the Draft Remedial Action Plan will be received until **April 18, 2023**. Public comments can be sent via e-mail to [diamondspringspkwy@edcgov.us](mailto:diamondspringspkwy@edcgov.us) or by US Mail to:
