EL DORADO COUNTY EXTENDING CLOSURE OF BEATTY DRIVE FROM VIA FIORI TO POWERS DRIVE

El Dorado County's Department of Transportation, in conjunction with The New Home Company Northern California, LLC, is extending the closure of Beatty Drive from Via Fiori to Powers Drive for an additional 74 days past the initial closure end of October 19th, 2022, following approval by the County's Board of Supervisors at the meeting on October 18, 2022. The closure is now scheduled to end on January 1, 2023.

Vehicles will be routed around the area via alternate arterial roads. Motorists should continue to utilize Wilson Boulevard to El Dorado Hills Boulevard and Saratoga Way south of the closure, and Alexandra Drive to Sophia Parkway north of the closure. Note that Powers Drive is a private gated road for residents of Kalithea in The Promontory only, and it is not to be used as a detour for non-residents. Portable message signs will remain on major routes throughout the duration of the road closure.

Motorists are advised to slow down in the work zone and expect delays during construction. Motorists are also advised to allow extra time when traveling through the work zone in order to arrive at their destinations on time or use alternate routes to avoid the construction area.

The County sincerely appreciates the cooperation and patience of motorists that use this roadway and we apologize for any inconvenience as a result of the detour.

For questions regarding this construction, please contact the County's Transportation main line at (530) 621 5900 (select Option 3 for Engineering).
