EL DORADO COUNTY IMPLEMENTING LANE CLOSURES ON MEDER ROAD BETWEEN WIDGEON COURT AND RESLER WAY TO INSTALL UTILITY INFRASTRUCTURE

August 21 through September 15, 2023

El Dorado County's Department of Transportation, in conjunction with Doug Veerkamp General Engineering, will be implementing intermittent lane closures on Meder Road between Widgeon Court and Resler Way starting no earlier than 7:00 a.m. each morning and ending by 7:00 p.m. each evening. Work is scheduled to begin Monday, August 21, 2023, and occur daily for approximately four weeks, tentatively ending Friday, September 15, 2023. Any changes to the scheduled end of work will be reflected by on-site signage.

Construction work will occur on Meder Road with one lane remaining open at all times while work is underway. Reversing traffic control will be conducted with flagging stations and appropriate signage. Vehicles will be directed to use a single lane while traveling through the construction zone, with all lanes re-opening each evening. The Meder Road work will allow for the installation of water, sewer, and storm water infrastructure while maintaining a safe work zone for the construction crews and minimizing traffic impacts. Please check the County website for any further traffic control.

Motorists are advised to slow down through the work zone and expect delays during construction. Ponderosa High School students may experience delays, and are encouraged to allow extra time to pass through the construction zone safely. Motorists are also advised to allow extra time when traveling through the work zone in order to arrive at their destinations on time or use alternate routes to avoid the construction area.

The County sincerely appreciates the cooperation and patience of motorists that use this roadway and we apologize for any inconvenience as a result of the detour.

For questions regarding this construction, please contact the County's Transportation main line at (530) 621-5900 (select Option 3 for Engineering).
