1. There was discussion of the many contributions Bob Smart made to the communities of Diamond Springs and El Dorado. Bob's career was in the Forest Service. He loved to ride his bike and fought for bike and walking trails. Kudos to a great guy who will be sorely missed.

Let Randy know if you can think of anyone who might want to serve on the DS/ED Community Advisory Committee.

2. Supervisor Wendy Thomas introduced John Clerici, District 3's new Planning Commissioner. John was raised in Crockett, CA and received a degree in Forestry from U.C. Berkeley. He is married to Yvette (Jacquier) Perryman. There was much discussion regarding affordable housing, Planning, and the General Plan.
3. Matthew Aselage from Planning handed out before and after drawings of America's Tire, a 7,020 sq. ft. automotive repair shop located on the west side of Missouri Flat Road, west of the intersection with Headington Road. Developer Leonard Grado led the discussion and answered any questions we had. After review by this Committee, it was determined that America's Tire seems to adhere to the Missouri Flat Guidelines. Randy will send a letter to this effect to the Planning Department.
4. The Draft EIR for Dorado Oaks is available for review online at the Planning Department site. The 60 day public review period is over October 18th. This Committee will read assigned sections of the EIR and meet again on October 7th to discuss. Transportation needs are crucial.
