130.50.010 Content

This Article provides the general authority and identifies procedures necessary to file and process development proposals in any zone.

130.50.020 Organization of Review Process

A. Types of Procedures. The three procedures used to review all types of applications under this Article, as described in Section 130.50.040 (General Review Procedures), are the following:

1. Staff-level review without notice;
2. Staff-level review with notice; or
3. Public hearing.

130.50.030 Review Authority for Allowed Uses and Permit Decisions

The review authority of original jurisdiction for each type of application or use entitlement shall be as provided below in Table 130.50.030.A (Review Authority). The nature of the initial action (i.e. issue, decide, or recommend) is shown, in compliance with Chapter 130.52 (Permit Requirements, Procedures, Decisions, and Appeals).

NOTES:

¹ The review authority will consider a discretionary application and make a recommendation for decision to a higher review authority.

² Where two deciding review authorities are indicated, such as for Conditional Use Permits, the review authority of original jurisdiction will be determined by the complexity of the project.

³ Revisions to an approved project shall be decided by the review authority of original jurisdiction.

⁴ Administrative relief and waivers of agricultural setbacks beyond the scope of the Director’s authority are referred to the Ag Commission for consideration and approval. The Ag Commission decision may be appealed to the Board.

- A. An applicant may waive their option for a decision by the Director or Zoning Administrator and be heard directly by the Commission.
- B. The Director may defer action and refer any permit or authorization application to the Commission for determination.
- C. All decisions of the review authority are appealable, in compliance with Section 130.52.90 (Appeals).

130.50.040 General Review Procedures

The review procedures for the various types of planning applications will be subject to one of the following procedures:

- A. Staff-level Review without Public Notice.** Staff shall render decisions based upon standards that have been adopted by the county as law or as policy without the requirement of notice to surrounding property owners and other parties.
- B. Staff-level Review with Public Notice.** Staff shall provide written or published notice to affected and interested parties regarding specific findings or conditions prior to a decision. The notice shall be designed to ensure that ~~all~~ interested parties are aware of the pending decision and are given a chance to comment before staff renders a decision and provides notice of the appeal procedure.
- C. Public Hearing.** A public hearing may be conducted before the Board, the Commission, or the Zoning Administrator. During the course of the public hearing, the applicable review authority shall invite public testimony for and against the use proposal, review evidence, and then render its decision in compliance with Section 130.51.060 (Conditions of Approval).

130.51.010 Content

This Chapter establishes the application requirements and noticing provisions necessary to process land use and development proposals in any zone.

130.51.020 Application Forms, Submittal Process, and Fees

An application for an allowed use decision or permit required by this Title shall be submitted on an application form provided by the Department and shall include the written consent of the lawful owner or owners of record. Each allowed use application and information packet shall include a list of the information and materials necessary to render the requested allowed use decision. Each application shall be accompanied by the required information and materials before the application is deemed complete and accepted for filing. Any application made under the provisions of this Title may be initiated by the Board or by an applicant identified in A below.

- A. A permit application may be filed by:
1. The lawful owner or owners of record of the lot on which the proposed project will be located, or their duly authorized agent.
 2. A person with lawful power of attorney or other acceptable authority from the lawful owner of record. Evidence of authorization shall be submitted with the application.
- B. When more than one land use decision is required for a single project, all applications may be filed concurrently. The review authority shall act on the different parts of a combined application on their own merits, and may approve one application without approving the other or others.
- C. Approvals granted for an application that was submitted containing a material misrepresentation or omission of material facts known to the applicant may result in

revocation or unilateral modification of conditions of a permit or approval by the county, as provided in Section 130.54.090 (Revocation, etc.).

D. Applications for permits or authorizations required by this Title shall be filed with the Department. All applications shall meet the following requirements:

1. The proposed use is allowed, or has been found to be similar and compatible with allowed uses, within the zone in which it is located;
2. The proposed use meets all applicable standards and requirements of this Title or such standards that are the subject of a concurrently filed Variance application; and
3. No violation of the County Code or any condition of approval of an applicable use entitlement exists on the subject site, unless the purpose of the application is to bring the violation into compliance.

E. **Application Fees.** Application fees adopted by resolution of the Board shall be paid upon application submittal. Additional fees may be required subject to the provisions of the adopted fee schedule, such as for “time and material” fee categories. Policies for collection of fees, refunds, and handling overdue accounts while processing applications shall be determined by the Director.

F. **Review of Applications.** Within 30 days of the filing of an application, the Department shall review it for completeness and accuracy before the application is accepted as being complete and officially filed. The applicant shall be notified in writing by the Department that either:

1. The application has been determined to be complete and accepted for processing; or,
2. The application is incomplete and additional information, specified in writing, must be provided. If an application is determined to be incomplete, the time in which the application must be processed shall be stayed until such time as the applicant has provided the required information.

If the Department fails to notify the applicant in writing within 30 days of filing, the application shall be deemed complete. The Department may request additional information where needed to comply with CEQA.

G. **Expiration of Application.** The application shall expire and be deemed withdrawn, requiring processing to stop and the filing of a new application for project consideration, if:

1. An application has been determined to be incomplete and the required information is not submitted within one year from the date of determination; or
2. An applicant has requested that processing be delayed or stayed for a period of more than one year.

130.51.030 Environmental Review

- A. After acceptance of an application in compliance with Subsection 130.51.020.F, the Department shall review the proposed project in compliance with the *CEQA Statutes and Guidelines* (California Public Resources Code 21050 et seq.) and any county CEQA implementation resolutions, as may be amended from time to time. Unless the Department determines that the proposed project is not a “project” as defined by CEQA, and that the project is not exempt from the requirements of CEQA, the Department shall prepare the appropriate CEQA document concurrently with the processing of the application(s).
- B. The Department may require the applicant to submit additional information, reports, or analyses that may be needed for the environmental review of the project.
- C. When a determination is made to prepare an Environmental Impact Report (EIR) in compliance with CEQA, the Commission may, when necessary, separately consider the Director’s decision to require the preparation of an Environmental Impact Report prior to its preparation.
- D. Before taking an action to approve an allowed use application that is subject to CEQA, the review authority shall consider and certify the applicable the CEQA document, including appropriate findings.

130.51.040 Staff Report and Recommendations

When an application requires action by a review authority at a public hearing, the Department shall prepare a report and make a recommendation on the project. The procedure for preparing said report shall be as follows:

- A. Application information shall be distributed to appropriate county departments, local, state, and federal agencies, interested organizations and individuals, and any other party whom the Department finds could provide relevant comments on the potential effects of the project.
- B. The Department may perform an on-site inspection of the project site before confirming that the request complies with all of the applicable criteria and provisions identified in this Title.
- C. Upon receipt of comments after distribution, the Technical Advisory Committee (TAC) shall conduct a meeting as set forth in Section 130.60.060 (Technical Advisory Committee), unless staff determines no TAC meeting is necessary. The applicant is encouraged to attend the TAC meeting.
- D. After the meeting, or where staff determines no TAC meeting is necessary, the Department shall review the application and prepare a report to the applicable review authority on whether the proposed project should be approved, conditionally approved, or denied. The staff report shall include the recommendations of state and local

agencies, and other county departments, and shall include an analysis of the proposed project and its compliance with this Title, the General Plan, adopted design standards, and any other applicable provisions of the County Code or State law.

- E. The staff report shall be distributed to the applicant and made available to the public within the time frames established by state law, as may be amended from time to time.

130.51.050 Public Notice

See existing Title 130 (Zoning Ordinance) for the following sections which were amended on September 15, 2015 (Board adopted OR14-001):

- Sec. 130.04.015 – Notice requirements and procedure
- Sec. 130.10.020 – Commission hearing
- Sec. 130.10.040 – Board hearing
- Sec. 130.22.200 – Notice of hearings

130.51.060 Conditions of Approval

In approving an application for a permit or authorization, the review authority may establish reasonable conditions to its approval that are found to be necessary to mitigate impacts created by the proposed project, that are consistent with the General Plan, Zoning Ordinance, and other applicable laws, ordinances, standards, or regulations, and that protect the public health, safety, and welfare.

- A. Conditions of approval may be revised in compliance with Chapter 130.54.070 (Revisions to an Approved Permit or Authorization).
- B. The violation of any required condition shall constitute a violation of this Section and may constitute grounds for revocation of the permit or authorization in compliance with Section 130.54.090 (Revocation, etc.).
- C. The review authority may require recordation of the conditions of approval for Design Review, Variance, Conditional/Minor Use, and Development Plan permits.

130.51.070 Conditions of Automatic Approvals

- A. In the event the county fails to act on a development project, as defined in California Government Code Section 65928, within the time limits set forth in GC Section 65920 et seq., the development project shall be deemed approved provided the project meets all of the following:
 - 1. Public notice is provided by the applicant in compliance with GC Section 65956(b);
 - 2. The proposed use in the development project is an allowed use in the applicable zone.

3. The development project is consistent with General Plan policies, any applicable specific plan requirements, and development standards and other provisions in this Title.
 4. The development project complies with the adopted standards of the Department of Transportation, Environmental Management Department, Building Services, the responsible fire department, and any other state or local agency necessary to protect the public health, safety, and welfare.
- B. Any automatic approval of a development project shall become null and void unless all conditions imposed by this Section have been fully complied with and the occupancy, use of the land, and use of the proposed or existing structure(s) authorized by the automatic approval has taken place within 24 months after the date of the automatic approval.

130.51.080 Post-Decision Notice

- A. Within 10 days of a final decision on an application for an allowed use decision or permit required by this Article, the county shall provide notice of its final action to the applicant and to any person(s) who specifically requested notice of the county's final action and has provided a self-addressed stamped envelope.
- B. The notice shall contain the final decision by the review authority, any conditions that may have been imposed, and the findings made to support the decision.

130.51.090 Pre-application/Conceptual Review

- A. This process provides for a pre-application or conceptual review prior to the submittal of development applications to:
1. Review preliminary project design to ensure compliance with county policy and ordinances;
 2. Provide early identification of possible issues, giving the applicant the opportunity to seek solutions or consider design alternatives before formal filing of an application;
 3. Suggest alternatives for the project;
 4. Assist the applicant in determining the scope of materials required for submittal of an application, especially those which are complex or involve multiple applications; and
 5. Improve the quality of the application when submitted, thereby simplifying its processing.

- B. Application.** The applicant must submit an application to the Department requesting either a pre-application meeting with staff or a conceptual review hearing before the Commission or the Board.
- C. Information Provided.** Contents of the application at the time of submittal shall be any available information that will assist staff, Commission members, or the Board in reviewing the proposed project in a timely manner. Required and suggested information shall be listed on the application form, as may be amended from time to time.
- D.** When the complexities of an allowed use or permit application warrants, the Department or the applicable review authority may recommend that the applicant submit materials and attend necessary conferences or hearings to conduct, in an informal workshop setting, a preliminary review of the development proposal.

The Administrative Permit shall also be used for the processing of administrative relief or waiver requests in compliance with Subsection B or to establish the legal nonconforming status of a use or structure in compliance with Chapter 130.61.

The issuance of an Administrative Permit shall be a ministerial project pursuant to CEQA.

A. Administrative Permit

2. Administrative relief or waiver requests may be approved if in compliance with the following standards:
 - a. The proposed reduction does not exceed the limits set forth in this Title;
 - b. There are no objections from any adjacent property owner; and
 - c. The proposed relief will not be detrimental to the public health, safety, and welfare, or injurious to the neighborhood.
3. A Variance application shall be required for consideration of a reduction in development standards if any of the standards for administrative relief or waiver set forth in Subsection B.2, above in this Section, cannot be met.
4. Administrative relief and waivers of agricultural setbacks beyond the scope of the Director's authority are referred to the Ag Commission for consideration and approval. The Ag Commission decision may be appealed to the Board.

130.52.020 Minor Use Permits**A. Applicability.**

1. **Minor Use Permit.** A Minor Use Permit is a process for reviewing uses and activities that are typically compatible with other allowed uses within a zone, but due to their nature require consideration of site design and adjacent uses. Minor Use Permits provide for a discretionary review of minor projects or uses that are allowed, but do not meet the standards for administrative review. Unless

the Department makes the following determination, the project will be processed as a Conditional Use Permit in compliance with this Chapter:

- a. The project incorporates standards or conditions that are capable of mitigating potentially significant environmental impacts to a level less than significant or determined to be exempt from CEQA.

B. Review Authority and CEQA.

1. **Minor Use Permit.** The Zoning Administrator shall have review authority of original jurisdiction for a Minor Use Permit. The approval of a Minor Use Permit is a discretionary project pursuant to CEQA, and public notice and hearing is required.

C. Specific Findings for Minor Use Permits. In addition to findings of consistency with the requirements and standards of this Title, the review authority shall make the following findings before approving a Minor Use Permit application:

1. The proposed use is consistent with the General Plan; and
2. The proposed use would not be detrimental to the public health, safety and welfare, or injurious to the neighborhood; and
3. The proposed use is specifically allowed by a minor use permit pursuant to this Title.

130.52.021 Conditional Use Permits

A. Applicability.

1. **Conditional Use Permit.** A Conditional Use Permit is a process for reviewing uses and activities that may be appropriate in the applicable zone but the potential for effects on the site and surroundings cannot be determined without a site specific review.

B. Review Authority and CEQA.

1. **Conditional Use Permit.** The Zoning Administrator or the Commission shall have review authority of original jurisdiction for Conditional Use Permit applications. The determination of the review authority shall be made by the Director based on the nature of the application, and the policy issues raised by the project. The approval of a Conditional Use Permit is a discretionary project and is subject to the requirements and procedures of CEQA.

C. Specific Findings for Conditional Use Permits. In addition to findings of consistency with the requirements and standards of this Title, the review authority shall make the following findings before approving a Conditional Use Permit application:

1. The proposed use is consistent with the General Plan; and
 2. The proposed use would not be detrimental to the public health, safety and welfare, or injurious to the neighborhood; and
 3. The proposed use is specifically allowed by a conditional use permit pursuant to this Title.
- D.** If there is any single use that triggers the need for a Conditional Use Permit, the Conditional Use Permit will include and address, as long as it remains active, all existing and subsequent uses allowed by discretionary permit.

130.52.030 Design Review Permit

- A. Applicability.** The Design Review Permit process is established in specific areas of the county to ensure compatibility with historical, scenic, or community design criteria. This process is applied only to commercial, industrial, mixed-use, and multi-unit residential projects in the following areas:
1. Meyers Community Plan Area.
 2. Land adjacent to designated State Scenic Highway Corridors.
 3. Other areas where the Design Review-Community (-DC), -Historic (-DH), or Scenic Corridor (-DS) Combining Zones have been applied.
 4. Mixed use development projects in Community Regions.
- B. Review Authority, Procedure, and CEQA.** The Director shall have the review authority of original jurisdiction for those projects not adjacent to or visible from designated state scenic highway corridors. The procedure shall be staff-level with public notice. The Commission shall have the review authority of original jurisdiction for those projects that are adjacent to or visible from designated state scenic highway corridors. The adoption of Design Standards in accordance with Section 130.27.050.F (Establishment of Community Design Review Areas; Guidelines and Standards) is a discretionary project pursuant to CEQA. The approval of a Design Review Permit is a ministerial project pursuant to CEQA, when in compliance with adopted Design Standards. The Design Review process shall be limited to consideration of compliance with established standards, provided that the use proposed for the project site is an allowed use within the zone.
- C. Design Review Committee.** If a project is located within a district for which a design review committee has been established in compliance with Section 130.60.070 (Design Review Committee), the Director shall transmit the application to the committee prior to rendering a written decision or making a recommendation to the Commission. The application review process by the committee shall provide an opportunity for the applicant or other interested persons to provide testimony. After public testimony, the committee shall discuss the proposed project and by motion present a recommendation

to the Director. The Director may approve or deny the permit, and may incorporate conditions to ensure compliance with the applicable design standards.

130.52.040 Development Plan Permit

- A. Process.** This section describes the Development Plan Permit, process which provides flexibility from the strict application of the Ordinance standards to allow for proposed developments to utilize innovative site planning techniques and other effective design responses to site features, uses on adjacent properties, and environmental constraints.
- B. Applicability.** A Development Plan Permit application shall be filed and processed in conformance with Chapter 130.28 (Planned Development (-PD) Combining Zone).
- C. Review Authority and CEQA.** The Commission shall have the review authority of original jurisdiction for a Development Plan Permit application. The approval of a Development Plan Permit is a discretionary project pursuant to CEQA.
- D. Scope of Approval.** When determined by the review authority to be appropriate, Development Plan Permit approval may allow:
1. Variations in zone development standards contained in this Title, or design standards contained in the Design and Improvement Standards Manual (DISM)/Land Development Manual (LDM), or successor document, such as setbacks, lot size, lot width, floor area ratio (FAR), and height limits for greater flexibility in project design;
 2. Establishment of project specific design guidelines to be applied consistently throughout the development, including but not limited to architectural standards and review processes, landscape standards, maintenance agreements, sign programs, and CC&Rs; and
- E. Findings for Development Plan Permits.** When approving a request for a Development Plan Permit, the review authority must make the following findings:
1. The proposed development plan is consistent with the General Plan, any applicable specific plan, and Chapter 28 (Planned Development (-PD) Combining Zone) of this Title;
 2. The site is adequate in shape and size to accommodate proposed uses and other required features;
 3. That any exceptions to the development standards of the zone are justified by the design or existing topography;
 4. Adequate public services and facilities exist or will be provided to serve the proposed development including, but not limited to, water supply, sewage disposal, roads, and utilities;

5. If mixed-use development is being proposed, the development conforms to the standards in Section 130.40.180 (Mixed Use Development);
6. The proposed development complies with the provisions of the –PD Combining Zone Section 130.28.010 (Planned Development (-PD) Combining Zone).

F. Concurrent Applications. A project that is also subject to a Conditional Use or Design Review Permit, or tentative subdivision or parcel map, shall have such application(s) processed concurrently with the Development Plan Permit. The findings for each permit shall be made separately and combined under the authority of the Development Plan Permit. In addition, the following shall apply:

1. A separate Design Review Permit application shall not be required with a Development Plan Permit; however, the proposed development plan shall require review by the applicable design review committee, as provided in Section 130.52.030 (Design Review Permit.)
2. If a subdivision of land is proposed in conjunction with a project that requires a Development Plan Permit, a tentative map application and rezone application to add the –PD combining zone, if not already zoned as such, are also required. In the event a tentative map application is concurrently approved with a Development Plan Permit application, expiration of the Development Plan Permit shall occur at such time that the tentative map expires and shall be extended as a part of any map extension authorized by Title 120 (Subdivisions) and/or the provisions of the California Government Code.

G. Time Limits and Expiration. The time limit and expiration of Development Plan Permit applications shall be in compliance with Section 130.54.060 (Time Limits and Extensions). The expiration of a Development Plan Permit related to a tentative subdivision or parcel map shall have the same expiration date as the tentative map. Extensions of the tentative map shall automatically extend the Development Plan Permit.

H. Revisions to an Approved Permit. Any requested change to the Development Plan Permit shall be in compliance with Section 130.54.070 (Revisions to an Approved Permit or Authorization).

130.52.050 Temporary Mobile Home Permit

A. Content. This Section provides standards for the location, occupation, and removal of temporary housing under a Temporary Mobile Home Permit. The standards allow residents to provide adequate housing on a temporary basis for adult family members who are dependent for financial or health reasons or for the use by a caretaker/watchman in commercial and industrial zones, and to ensure the removal of the unit upon cessation of the housing need.

B. Applicability. This Section shall apply to housing as a temporary accessory use to either a primary dwelling or to specified non-residential uses, as allowed in the use matrices for the zones, subject to the following purposes:

1. Use by the owner or members of the household to provide temporary housing or shelter for household members and/or to allow for in-home care of household members; or
2. Use by a caretaker where the purpose of the caretaker is to assist the elderly or disabled homeowner(s) in the care and protection of their property. In this instance, “elderly” shall mean a person 62 years of age or older.
3. In commercial and industrial zones, as well as for public and private schools and churches, one mobile home or recreational vehicle placed for the purpose of providing temporary housing for caretakers or watchmen in compliance with Section 130.40.120 (Commercial Caretaker and Agricultural Employee Housing). Findings of necessity shall be based on, but not limited to, the following factors:

B. Applicability.

1. A request for reasonable accommodation may be made by any person with a disability, or by an entity acting on behalf of a person or persons with disabilities, to provide or secure equal access to housing, when the application of a zoning law or other land use regulation, policy, or practice acts as a barrier to fair housing opportunities. As defined in the Acts, a person with a disability is one having a physical or mental impairment that limits or substantially limits one or more major life activities; anyone who is regarded as having such impairment; or anyone having a record of such impairment. This section is intended to apply to those persons who are defined as disabled under the Acts.
2. A request for reasonable accommodation may include a modification or exception to the rules, standards and practices for the siting, development, and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability with equal opportunity to housing of their choice. Requests for reasonable accommodation shall be made in the manner prescribed by Subsection C (Application Requirements) below.

3. A request for reasonable accommodation in regulations, policies, practices and procedures may be filed at any time that the accommodation may be necessary to ensure equal access to housing. A reasonable accommodation does not affect an individual's obligations to comply with other applicable regulations not at issue in the requested accommodation.

D. Review Authority and Procedure.

1. Reviewed by the Director. Requests for reasonable accommodation shall be reviewed by the Director, or his/her designee, if no other discretionary approval is required. The Director or his/her designee shall make a written determination within forty-five (45) calendar days of the request and either grant, grant with modifications, or deny a request for reasonable accommodation in accordance with Subsection E (Findings and Conditions of Approval) below.
2. If necessary to reach a determination on the request for reasonable accommodation, the reviewing authority may request further information from the applicant consistent with fair housing laws, specifying in detail the information that is required. In the event that a request for additional

information is made, the forty-five (45) day period to issue a decision is stayed until the applicant responds to the request.

3. Concurrent review authority. Requests for reasonable accommodation submitted for concurrent review with another discretionary land use application shall be reviewed by the authority reviewing the discretionary land use application. The applicable review authority shall make a written determination and either grant, grant with modifications, or deny a request for reasonable accommodation in accordance with Subsection E (Findings and Conditions of Approval) below as part of its action(s) regarding the discretionary land use application.

E. Findings and Conditions of Approval.

The housing that is the subject of the request will be used by an individual or a group of individuals considered disabled under the Acts, and the accommodation requested is necessary to make specific housing available to the individual or group of individuals with (a) disability(ies) under the Acts;
 - b. Alternative reasonable accommodations that are within existing parameters (e.g., zoning district regulations) that would provide an equivalent level of benefit are not available or suitable for a particular case;
 - c. The requested reasonable accommodation will not impose an undue financial or administrative burden on the County;

 - e. The requested reasonable accommodation does not substantially affect the physical attributes of the property;
 - f. The requested reasonable accommodation will not adversely impact surrounding land uses.
2. Conditions of Approval. 3. While a request for reasonable accommodation is pending, all laws and regulations otherwise applicable to the property that is the subject of the request shall remain in full force and effect.

F. Appeal of Determination.

A determination by the reviewing authority to grant, with modifications, or deny a request for reasonable accommodation may be appealed pursuant to Section 130.52.090 (Appeals) of this code.

If the Board meeting is canceled for any reason on the date on which the appeal would normally be heard, the appeal shall be heard on the first available regularly-scheduled meeting following the canceled meeting date. The 30-day time limitation may be extended by mutual consent of the appellant(s), the applicant, if different from the appellant, and the appeals body. Once the date and time for the hearing is established the hearing may be continued only by such mutual consent.
- D. In any appeal action brought in compliance with this Section, the appellant(s) may withdraw the appeal, with prejudice, at any time prior to the commencement of the public hearing. For the purposes of this Section, the public hearing shall be deemed commenced upon the taking of any evidence, including reports from staff.

130.54.010 Content

This Chapter contains general requirements for the implementation of the approved permits and authorizations required under this Article including time limits for permit implementation, procedures for granting time extensions or revisions to an approved permit, and revocation of permit approvals.

130.54.020 Effective Date of Permit Approvals

Except in the case of a Specific Plan (Chapter 130.56 – Specific Plans) or Development Agreement (Chapter 130.58 – Development Agreements), final action on any permit or authorization approval of the Zoning Administrator or Commission shall become effective 11 working days from the decision by the review authority where no appeal of the approval has been filed in compliance with Section 130.52.090 (Appeals). A permit or authorization application that is deemed automatically approved in compliance with California Government Code Section 65956 shall be subject to all applicable provisions under Section 130.51.070 (Conditions of Automatic Approvals), which shall be satisfied by the applicant before a building permit is issued or a use not requiring a building permit is established.

130.54.040 Permits to Run with the Land

Any Minor and Conditional Use Permit, Variance, or Development Plan Permit approval that is granted in compliance with Chapters 130.51 and 130.52 (General Application Procedures, and Permit Requirements, Procedures, Decisions, and Appeals, respectively) shall be deemed

to run with the land through any change of ownership of the subject site from the effective date of the permit, providing it is in compliance with Subsection 130.54.050.A (Deposit of Security), when applicable, and with any licensing requirements by the new property owner. All active conditions of approval shall continue to apply after a change in property ownership.

130.54.050 Performance Guarantees

A. Deposit of Security. As a condition of approval of a Conditional/Minor/Temporary Use Permit, Development Plan Permit, or Variance, and upon a finding that the public health, safety, and welfare warrants it, the review authority may require a form of surety in a reasonable amount to ensure the faithful performance of one or more of the conditions of approval of the aforementioned permits or authorizations.

1. The applicant may elect to provide adequate surety for the faithful performance of a condition(s) of approval if the Director determines that the condition(s) may be implemented at a later specified date due to reasons beyond the applicant's control, such as the inability to install required landscaping due to poor weather conditions.
2. The surety shall be in the form of cash, certified or cashier's check, letter of credit, performance bond, or other form of surety executed by the applicant and a corporate surety authorized to do business in California and approved by the county.

B. Release of Security. Upon satisfactory compliance with all applicable provisions of this Section, the security deposit shall be released.

C. Failure to Comply.

1. Upon failure to perform any secured condition, the county may perform the condition or cause it to be done, and may collect from the applicant and surety, in the case of a bond, all costs incurred, including administrative, engineering, legal, and inspection costs.
2. Any unused portion of the security shall be refunded to the applicant after deduction of the cost of the work.
3. The Director's determination may be appealed to the Board by the applicant, by filing an appeal with the Clerk of the Board within 10 days after the decision to withhold the bond, in compliance with Section 130.52.090 (Appeals).

130.54.060 Time Limits, Extensions, and Permit Expiration

A. Time Limits. A permit or authorization that is not exercised within 24 months from the effective date shall expire and become void unless a condition of approval or other provision of this Article establishes a different time limit or unless an extension of time is approved in compliance with Subsection B, below.

1. The permit or authorization shall be deemed "exercised" when the applicant has commenced actual construction or alteration under an active building permit and at least one inspection has been conducted and approved by the Building Official or, in cases where a building permit is not required, has substantially commenced the approved activity or allowed use on the site in compliance with the conditions of approval.
2. After it has been exercised, a permit or authorization shall remain valid as long as either a building permit remains active for the project or a final Certificate of Occupancy has been granted, in compliance with Subsection C (Permit Expiration).
3. The expiration of a permit or authorization associated with a tentative subdivision or parcel map, specific plan or development agreement, shall coincide with the term of that entitlement. and not be subject to the time extension in Section B below.

 - a. The Director finds that:
 - (1) Substantial progress has been made in implementing the permit; or the applicant has established, with substantial evidence, that circumstances beyond the control of the applicant, such as poor weather during periods of planned construction, have prevented exercising the permit or authorization; or
 - (2) Not more than 36 months will be necessary to exercise the permit, in compliance with Subsection A.1 (Time Limits) above; or
 - b. The original review authority finds that:
 - (1) No change in conditions or circumstances has occurred that would have been grounds for denying the original application; and
 - (2) The applicant has been diligently pursuing implementation of the permit.

4. Modified conditions may be imposed when a time extension is granted that update the permit where required to protect the public health and safety or to comply with provisions of state or federal law.

C. Permit Expiration.

1. All permits authorized by this Chapter shall automatically expire by operation of law when time frame established in Subsection A has elapsed, unless a time extension has been approved under Subsection B (Time Extensions) above.
2. When it is discovered that a permit has expired, the Department shall send notice of such termination to the property owner and/or applicant. Failure to send such notice shall not affect the expiration of the permit.
3. After the expiration of a permit or authorization, whether through denial of a request for a time extension, failure to request a time extension, or other cause, no further work shall be done on the site until a new permit or authorization and any subsequent building permit or other county permits are first obtained.

 2. Does not result in an expansion of the project;
 3. Does not substantially alter the original approval decision; and
 4. Does not result in changed or new impacts to the surrounding environment that would necessitate modifications to the CEQA document approved for the project.

- B. Revisions to a permit or authorization which result in an expansion or substantial alteration of the project, or which may affect a condition of approval, mitigation measure, or finding that was specifically addressed by the review authority, may only be approved by said authority following a public hearing.
- C. Director approval of minor modifications shall be processed using the Staff Review with Notice procedures. If the Director determines that the request requires a public hearing by the review authority of original jurisdiction, notice shall be given in compliance with the same noticing requirements of the original application.
- D. The review authority may modify or impose new conditions to the permit revision when necessary to carry out the original permit or when necessary to protect the public health and safety or to comply with provisions of state or federal law.

- A. For a period of 12 months following the date of the disapproval of a discretionary planning permit or amendment, no application for the same or substantially similar planning permit or amendment shall be filed for the same site, or any portion of the site, except where the Director determines that substantial new evidence or proof of changed circumstances warrants further consideration.
- B. The Director shall determine whether a new application is for a planning permit or amendment that is the same or substantially similar to a previously approved or disapproved permit or amendment, and shall either process or reject the application in compliance with this Section. The Director's determination may be appealed to the Commission in compliance with Section 130.52.090 (Appeals).

- A. The following procedures shall be used for revocation or mandated modification of previously approved permits or authorizations:
 - 1. The review authority of original jurisdiction shall hold a public hearing to revoke or modify a permit or authorization granted in compliance with the provisions of this Article. Where the review authority was the Director, the hearing shall be referred to the Zoning Administrator for determination.

2. Notice shall be provided to the owner of the property, as shown on the county's current equalized assessment roll, and to the applicant for the permit or approval if different from the property owner on which the use or structure authorized by the permit being considered for revocation exists for the permit or approval being considered for revocation.
 3. Notice shall be mailed through the U.S. Postal Service, certified, first class, and postage paid, at least twelve days prior to the public hearing for all permits being considered for revocation except Temporary Use Permits, which shall require mailed notice three days prior to the hearing.
 4. Any permit or authorization may be revoked or modified by the review authority if any one of the following findings can be made:
 - a. Circumstances under which the permit or authorization was granted have been changed by the applicant to the extent that one or more of the findings that justified the original approval can no longer be made;
 - b. The permit or authorization was granted, in whole or in part, on the basis of a misrepresentation or omission of a material statement in the application, or in the testimony presented by the applicant during the public hearing;
 - c. One or more of the conditions of approval have not been substantially fulfilled or have been violated;
 - d. An improvement authorized in compliance with the permit is in violation of any applicable code, law, ordinance, regulation, or statute; or
 - e. The improvement/use allowed by the permit has become detrimental to the public health, safety, or welfare; or the manner of operation constitutes and/or is creating a public nuisance.
 5. As an alternative to revocation, the county may mandate modification of a permit or authorization including the duration of the permit or authorization, any operational aspect of the project, or any other aspect or condition determined to be reasonable and necessary to ensure that the project is operated in a manner consistent with the original findings for approval.
 6. The county's action to revoke a permit or authorization shall have the effect of terminating it and denying the privileges granted by the original approval.
- B. Any permit revoked by the review authority may be appealed in compliance with Section 130.52.090 (Appeals).
- C. **Use after Revocation.** When an approved permit or authorization has been revoked, no further development or use of the property authorized by the revocation shall be

130.58.010 Content; Assurances to Applicant

This Chapter establishes procedures and requirements for the adoption and amendment of development agreements in compliance with California Government Code Section 65864 et seq. A development agreement provides assurances to an applicant of a development project that, upon approval, the project may proceed in accordance with the conditions placed upon it by the review authority, as well as with existing policies, rules, and regulations. Development agreements strengthen the public planning process, encourage private participation in comprehensive planning, and reduce the economic costs of development.

130.58.020 Limitation

Unless otherwise expressed in this Title, the provisions in this Chapter are the exclusive procedures and rules relating to development agreements and, in the event of conflict, these provisions shall prevail over any other provisions of this Title.

130.58.030 Review Authority

The Board shall have review authority of original jurisdiction for development agreement applications, based on the review and recommendation by the Commission in compliance with Chapters 130.50 and 130.51 (Application Filing and Processing and General Application Procedures, respectively). The Board shall approve the development agreement by ordinance. The approval of a development agreement is a discretionary project pursuant to CEQA.

130.58.040 Findings Required

The Board may approve the development agreement only if it finds that the agreement:

- A. Is consistent with the objectives, policies, general land uses, and programs specified in the General Plan and any applicable specific plan;

- B. Will not be detrimental to the health, safety, and welfare of persons residing in the immediate area or detrimental to the general welfare of the residents of the county as a whole;
- C. Will not adversely affect the orderly development of property or the preservation of property values;
- D. Is consistent with the provisions of California Government Code Sections 65864 through 65869.5; and
- E. If the development agreement includes a subdivision of 500 or more units, the agreement provides that there is sufficient water to serve any tentative map in compliance with California Government Code Section 66473.7.

130.58.050 Form of Agreement

- A. The development agreement shall be in a form approved by County Counsel and shall contain the following:

 - 2. The allowed uses of the property;
 - 3. The density or intensity of use;
 - 4. The maximum height and size of proposed buildings;
 - 5. Provisions for reservation or dedication of land for public purposes; and
 - 6. The term of the agreement to a maximum of twenty years.
- B. The development agreement may include conditions, restrictions, and requirements for subsequent discretionary actions, provided they shall not prevent development of the land for the uses and density or intensity of development set forth in the agreement.
- C. The agreement may provide that construction will commence within a specified time and that the project, or any phase thereof, will be completed within a specified time.

130.58.060 Amendment, Cancellation, or Assignment

- A. Either party may request an amendment or cancellation, in whole or in part, of any development agreement, either by procedures specifically set forth within the agreement or by the application process in compliance with Chapters 130.50 and 130.51 (Application Filing and Processing, and General Application Procedures, respectively), on a form provided by the Department.

- B. An amendment or cancellation of the development agreement may occur upon mutual consent of the Board, the parties to the agreement, the qualified applicant(s) if different from the parties to the agreement, or as otherwise provided in the agreement.
- C. All assignments of the development agreement shall be subject to mutual agreement by all parties to the agreement, unless otherwise provided in the agreement. Any party to the agreement, excluding the county, may initiate a request for assignment. As part of the request for assignment, any amendments to the development agreement that may be required as a result of the assignment shall be identified.

130.58.070 Recordation

Within ten days after the effective date of a development agreement or any amendment or cancellation thereof, the Clerk of the Board shall have the agreement, amendment, or cancellation notice recorded with the County Recorder.

130.58.080 Periodic Review

- A. The Director shall review the development agreement not less than once every twelve months from its effective date for compliance with its terms and conditions.
- B. The Director shall begin the review proceedings by giving notice of the periodic review of the development agreement to each party to the agreement, excluding the county, and to each party entitled to notice in compliance with Section 130.51.050 (Public Notice).
- C. The Director shall conduct an investigation as to whether or not there has been good faith compliance and if it is found that there has not been such compliance a report with recommendations shall be filed with the Clerk of the Board.
- D. Upon receipt of the report, the Clerk of the Board shall place the matter on the Board's agenda for public hearing, subject to public notice requirements.
- E. If the Board finds and determines on the basis of substantial evidence that the applicant has complied in good faith with the terms and conditions of the agreement during the period under review, no further action is required. The burden of proof on this issue shall be on the applicant.
- F. If the Board determines on the basis of substantial evidence that the property owner has not complied in good faith with the terms and conditions of the agreement during the period under review, the Board may modify or terminate the agreement.

130.58.090 Rules, Regulations, and Official Policies

Unless otherwise provided by the development agreement:

- A. The rules, regulations, and official policies of the county applicable to the development of the property that is subject to the development agreement, shall be those rules, regulations, and official policies in force at the time of the execution of the agreement.
- B. In subsequent actions on said property, the development agreement shall not prevent the county from applying new rules, regulations, or policies that do not conflict with those rules, regulations and policies in force at the time the agreement was executed.
- C. The development agreement shall not prevent the county from denying or conditionally approving any subsequent development project application on said property on the basis of such existing or new rules, regulations, and policies.
