Proposed Guiding Principles for
Phase I INRMP Actions and Recommendations

1. Complies with General Plan Policy 7.4.2.8
2. Uses best available data and science
3. Defensible to future challenges
4. Establishes foundation for INRMP preparation (in Phase II)
5. Practical for INRMP Phase II and understandable to the general public
6. Meets mitigation requirements of General Plan EIR
7. Compatible with State/Federal regulations
8. Consistent with PAWTAC/ISAC missions and INRMP contractor scope
9. Supports other 2004 General Plan policy implementation
