14. GENERAL PLAN UPDATE

A08-0002 initiated by EL DORADO COUNTY to consider amending Policy 8.1.3.1 of the 2004 General Plan, which is one of several policies designed to protect agricultural uses by preventing incompatible development from being established adjacent to agriculturally zoned property. Policy 8.1.3.1 establishes a 10-acre minimum parcel size for residential lots being created adjacent to agricultural land. The proposed general plan amendment would provide flexibility for the decision makers on a subdivision to determine if buffers limiting the parcel size to something larger than otherwise permitted by the land use designation are warranted.
