Recommended Revision to Condition of Approval No. 28**

---

Staff is requesting a revision to the conditions of approval, as follows:

~~2928~~. Prior to Phase 2 grading operations, the developer shall contact the District for review of an erosion control plan. The erosion control plan must be approved by the District prior to issuance of a grading permit.

These revisions will require a renumbering of the subsequent conditions in the final version approved by the Planning Commission.
