

**EXHIBIT C**  
to  
**RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF EL  
DORADO ADOPTING THE EL DORADO COUNTY GENERAL PLAN**

**CEQA MITIGATION MONITORING PLAN**

The California Environmental Quality Act requires public agencies to report on and monitor measures adopted as part of the environmental review process (PRC Section 21081.6 and CEQA Guidelines Sections 15091.d and 15097). This Mitigation Monitoring Plan (MMP) is designed to fulfill that requirement.

Section O (Findings Regarding Impacts and Mitigation Measures) of Exhibit B (Findings of Fact) to Resolution \_\_\_\_\_ identifies all relevant, feasible mitigation measures necessary and available to mitigate significant impacts to acceptable levels. The Board of Supervisors has incorporated each of these measures into the General Plan making the plan "self-mitigating" in that respect. The measures therefore will be implemented and enforced through the application of the General Plan to land use and planning decisions and the implementation of actions directed by the General Plan.

PRC Section 21081.6(b) and CEQA Guidelines Section 15097(b) confirm that the required monitoring plan may consist of mitigation measures incorporated into the Plan, which is the approach that has been taken by the Board of Supervisors. Given this format, the Board of Supervisors has determined that no additional information or documentation is necessary or required in this MMP.

Section 15097(b) of the CEQA Guidelines also points out: "The annual report on general plan status required pursuant to the Government Code is one example of a reporting program for adoption of a County or county general plan." The monitoring and implementation policies included in the General Plan and the annual report pursuant to Government Code section 65400 are hereby found by the Board to fulfill this component of the mitigation monitoring program requirement.

As required by Section 21081.6 of the Public Resources Code, the El Dorado Planning Department is the "custodian of documents and other material" which constitute the "record of proceedings" upon which the decision to adopt the General Plan was based. Inquiries should be directed to:
