

**EL DORADO COUNTY DEVELOPMENT SERVICES
ZONING ADMINISTRATOR
STAFF REPORT**

Agenda of: March 18, 2009
Item No.: 4.c.
Staff: Jonathan Fong

PARCEL MAP

FILE NUMBER: P08-0040 Roebbelen Campus Parcel Map

APPLICANT: Roebbelen Land, LLC

AGENT: WRG Design, Inc.

REQUEST: A Tentative Parcel Map creating three parcels on a 7.49-acre site. Parcel 1 would be 3.14-acres, Parcel 2 would be 2.03-acres, Parcel 3 would be 2.32-acres.

LOCATION: The project is located on the north side of Hawks Flight Court, east of the intersection with Golden Foothill Parkway El Dorado Hills Area, Supervisorial District II (Exhibit A).

APN: 117-060-15

ACREAGE: 7.49-acres

GENERAL PLAN: Research and Development (R&D) (Exhibit B)

ZONING: Research and Development- Design Control (R&D-DC) (Exhibit C)

ENVIRONMENTAL DOCUMENT: Categorically Exempt pursuant to Section 15061(b)(3) of the CEQA Guidelines

SUMMARY RECOMMENDATION: Conditional Approval

STAFF ANALYSIS: Staff has reviewed the project for compliance with the County's regulations and requirements. An analysis of the permit requests and issues for Zoning Administrator consideration are provided in the following sections.

Project Description: A Tentative Parcel Map creating three parcels on a 7.49-acre site. Parcel 1 would be 3.14-acres, Parcel 2 would be 2.03-acres, and Parcel 3 would be 2.32-acres. The project would be served by

EID public water and sewer services. The Parcel Map would subdivide the existing parcel only. No road improvements or other construction would be necessary as part of the Parcel Map. The three parcels would be accessible via a common parking areas and encroachments. A reciprocal access and parking agreement would be required to ensure that all the proposed parcels would have access for ingress and egress requirements and available on-site parking.

Site Description: The project is located within the El Dorado Hills Business Park. The project site has been developed with two existing buildings and associated landscaping and parking. A pad has been graded and would be the future building site on Parcel 3. The site is accessible via Golden Foothill Parkway and Hawks Flight Court which are both improved County Maintained Roads.

Adjacent Land Uses:

	Zoning	General Plan	Land Use/Improvements
Site	R&D-DC	R&D	Existing Offices
North	R&D-DC	R&D	Existing Offices
South	R&D-DC	R&D	Existing Offices
East	R&D-DC	R&D	Existing Offices
West	R&D-DC	R&D	Existing Offices

The parcel map would create three parcels locating each of the existing buildings on separate parcels and a third parcel for future development. The project would not expand the existing buildings and would not require additional road improvements. The project would be compatible with the surrounding development within the El Dorado Hills Business Park.

General Plan: The General Plan designates the parcel as R&D which allows high technology, manufacturing, light industrial and office uses. No development is proposed as part of the parcel map. All future development of the site would be required to be consistent within the R&D land use designation.

Pursuant to **General Plan Policy 2.2.1.5** the Floor Area Ratio (FAR) for parcels within the R&D land use designation shall not exceed 0.50. The project would subdivide the existing parcel to create three parcels.

The two existing buildings total 47,372 square feet which yields a FAR of 14.5% for the existing 7.49-acre parcel. Each of the existing buildings would be located on individual parcels which would not exceed the FAR requirements. The proposed Parcel Map would be consistent with the maximum FAR of 50% within the R&D land use designation.

Any future development on Parcel 3 would be evaluated to comply with the 50% maximum FAR requirement.

The project would create three parcels to locate the two existing buildings on each parcel and to provide a future development area on Parcel 3. No development would occur as part of the project. The project site is located within the El Dorado Hills Business Park and does not contain any oak woodlands, riparian area, or slopes exceeding 30 percent. Staff finds the project would be consistent with the General Plan.

Zoning: The project is located within the Research and Development Zone District. Section 17.35.030 of the Zoning Ordinance establishes development standards for parcels within the R&D zone district. The minimum parcel size for R&D zoned parcels within an urban area with public water and sewer is two acres.

The proposed parcels would each be greater than two acres which would be consistent with the parcel size requirements of the R&D Zone District.

The R&D zone district requires a minimum 20 foot setback with an average 30 foot setback for the front setback and no required side and rear setback. As shown on the Parcel Map, the front, side, and rear setback for each building would be a minimum of 33 feet.

No development is proposed as part of the project. All future development would be evaluated for consistency with the Development Standards of the R&D Zone District and applicable requirements of the County Code. Planning Services staff finds the project would be consistent with the Zoning Ordinance.

Agency and Public Comment: The following agencies have provided comments regarding the project:

Department of Transportation: The Department of Transportation has reviewed the project and has not required conditions of the project.

Environmental Management: Environmental Management has reviewed the project and has not required conditions of the project.

Air Quality Management District: AQMD has reviewed the project and has not required conditions of the project.

El Dorado Hills Fire Department: The Fire Department has required payment of fees for the annexation agreement established for the Business Park.

ENVIRONMENTAL REVIEW

NOTE: This project has been found to be Categorical Exempt from the requirements of CEQA pursuant to Section 15061(b)(3) of the CEQA Guidelines which states that the projects which have no possibility to have a significant effect on the environment are not subject to the provisions of CEQA.

The proposed parcel map is consistent within the R&D land use designation and zone district. No road improvements would be required and adequate public water and sewer services are capable of serving the project. Therefore, Planning Services staff finds the proposed parcel map is Categorical Exempt from CEQA. Pursuant to Resolution No. 240-93, a \$50.00 processing fee would be required by the County Recorder to file the Notice of Exemption.

RECOMMENDATION

1. Certify the project is Categorical Exempt pursuant to Section 15061(b)(3) of the CEQA Guidelines; and

- 2. Approve P08-0040 as the required findings can be made as noted in Attachment 2, based on the analysis in the staff report and the conditions itemized in Attachment 1.

CONDITIONS OF APPROVAL PARCEL MAP

File Number P08-0040

March 18, 2009 Zoning Administrator Hearing

Planning Services

1. This parcel map is based upon and limited to compliance with the project description, the Zoning Administrator hearing exhibit marked Exhibit E (tentative parcel map) dated March 5, 2008, and conditions of approval set forth below. Any deviations from the project description, exhibits, or conditions must be reviewed and approved by the County for conformity with this approval. Deviations may require approved changes to the permit and/or further environmental review. Deviations without the above described approval will constitute a violation of permit approval.

The project description is as follows:

The project would allow the creation of three (3) parcels. Parcel 1 would be 3.138-acres, Parcel 2 would be 2.028-acres, and Parcel 3 would be 2.324. The project would be accessed by existing encroachments onto Golden Foothill Parkway and Winfield Way. The project would be served by served by existing EID public water and sewer services.

No development is proposed as part of the parcel map.

The grading, development, use, and maintenance of the property, the size, shape, arrangement, and location of structures, parking areas and landscape areas, and the protection and preservation of resources shall conform to the project description above and the hearing exhibits and conditions of approval below. The property and any portions thereof shall be sold, leased or financed in compliance with this project description and the approved hearing exhibits and conditions of approval hereto. All plans (such as Landscape and Tree Protection Plans) must be submitted for review and approval and shall be implemented as approved by the County.

2. Prior to filing of the parcel map, all Development Services fees shall be paid.
3. In the event of any legal action instituted by a third party challenging the validity of any provision of this approval, the developer and landowner agree to be responsible for the costs of defending such suit and shall hold County harmless from any legal fees or costs. County may incur as a result of such action, as provided in Section 66474.9(b) of the California Government Code. The subdivider shall defend, indemnify, and hold harmless El Dorado County and its agents, officers, and employees from any claim, action, or proceeding against El Dorado County or its agents, officers, or employees to attack, set aside, void, or annul an approval of El Dorado County concerning a subdivision, which action is brought within the time period provided for in Section 66499.37. County shall notify the subdivider of any claim, action, or proceeding and County will cooperate fully in the defense.

4. A joint access and parking agreement shall be provided to ensure on-going access and maintenance of the parking to all property owners within the development. A copy of said agreement shall be provided to Planning Services for review and approval, and the approved agreement shall then be recorded and a copy shall be provided to Planning Services prior to filing of the parcel map.
5. The map shall remain in effect for three years from the date of approval. If the map has not been recorded within this timeframe, an extension may be requested prior to expiration of the map. Appropriate fees shall be paid to process the time extension.

Surveyors Office

6. All survey monuments shall be set prior to filing the Parcel Map.
7. Prior to filing the Parcel Map, a letter will be required from all agencies that have placed conditions on the map. The letter shall state that **“all conditions placed on the map by (that agency) have been satisfied.”** The letter shall be sent to the County Surveyor and copied to the Consultant and the Applicant.

El Dorado Hill Fire Department

8. The proposed parcel split shall be subject to the existing annexation agreement that is in place for the El Dorado Hills Business Park. Five hundred dollars shall be paid to the El Dorado Hills Fire Department prior to filing of the parcel map.
9. This development shall be prohibited from installing any type of traffic calming devices that utilized a raised bump or a lower section of roadway.
10. The fire access roadways servicing all buildings shall be maintained at its current standard. Any proposed changes shall be subject to El Dorado Hills Fire Department approval.

FINDINGS

PARCEL MAP

File Number P08-0040
March 18, 2009 Hearing Date

Based on the review and analysis of this project by staff and affected agencies, and supported by discussion in the staff report and evidence in the record, the following findings can be made pursuant to *Section 66472.1* of the *California Government Code*:

FINDINGS FOR APPROVAL

1.0 CEQA Findings

1.1 The project has been found to be Categorical Exempt from CEQA pursuant to Section 15061(b)(3), pursuant to El Dorado County Board of Supervisors Resolution No. 179-99.

2.0 General Plan Findings

2.1 The proposed parcel map is consistent with applicable general and specific plans;

The parcel map is consistent within the Research and Development (R&D) Land Use Designation. No development is proposed as part of this land division. All future development will be required to comply with applicable policies relating to lighting, biological resources, traffic, noise, air quality, and oak woodland habitat.

3.0 Zoning Findings

3.1 The proposed parcel map is consistent with the Zoning Ordinance;

The parcel map will create parcels that meet the minimum parcel size requirements of the Zoning Ordinance. All future development will be required to comply with the Development Standards of the R&D Zone District and applicable requirements of the Zoning Ordinance.

4.0 Tentative Map Findings

4.1 The proposal conforms to the County's zoning regulations and Minor Land Division Ordinance;

The Department of Transportation and the El Dorado Hills Fire Department have reviewed the existing road conditions and have determined that the proposed improvements would provide adequate access. Adequate public water and sewer services exist that would be sufficient to serve the project.

The proposed parcels provide adequate area to meet the development standards of the R&D Zone District.

4.2 The site is physically suitable for the proposed type and density of development;

The site is currently developed. The parcel map will subdivide the existing parcel in order for each building to be located on a separate parcel.

4.3 The design of the division or the proposed improvements are likely to cause substantial environmental damage or substantial and avoidable injury to fish or wildlife or their habitat;

No improvements or development is proposed as part of the project. The project site has been previously disturbed as a result of the existing development. No road improvements would be required as part of the project. No environmental impacts will occur as part of the project. There are no identified oak woodlands, riparian features, or important biological resources on the project site. All future development will require compliance with applicable General Plan Policies and Zoning Ordinance requirements.
